**CONFIDENCE
LANDSCAPING, INC.**
Your Design/Build/Management Specialists

The company offers comprehensive project management by maintaining a staff of landscape architects and designers, certified irrigation designers, and certified landscape installation and maintenance technicians. It uses powerful CAD software and hand drawings to create landscape designs that combine clients' visions with their properties' natural attributes.

Established in 1980, the company employs more than 25 professional staff members and has a fleet of service vehicles that are outfitted with state-of-the-art landscaping equipment. Owner Jeff Sheehan says his company's primary goal is to provide its clients with the finest materials and installations that exceed industry standards.

Confidence Landscaping is also known for advocating water conservation and creating sustainable gardens—the California Landscape Contractors Association has honored the company with its Xeriscape award (for water conservation) on 19 occasions and the Sustainable Landscape Special award twice. "Those awards are evidence of our commitment to our clients," says Mr. Sheehan.

COMPANY PHILOSOPHY

"Our primary job is to make our customers happy. We design, build and maintain landscapes for their benefit, so we measure our success by their satisfaction. We're active listeners, and that allows us to take a creative approach to solving landscape issues. We work hand-in-hand with our customers to achieve their goals."

EXCERPTED SURVEY RESPONSES

"I liked their thoroughness, their attention to detail, their wanting to please me, and their trying to deliver everything on time. Their quality was excellent. Also, I liked their follow-up. If I had a problem, they would respond immediately, which I found extraordinary."—Simone S.
